TEMPLARS' HEAD SMILING GIANT

In speaking of his trip, Eminent Commander Leslie B. McMurtry took special pains to pay a sincere compliment to the service, courtesy and efficiency of the Great Northern. He says the whole Templar party fell in love with the palatial liner and do not mind at all staying on board her here.

McMurtry is the biggest man in the Knights' delegation—biggest in smile, stature and title. He is the eminent commander of California Commandery No. 4, stands about six feet six and when he smiles, well, it seemed that a little of the snow capping Mauna Loa started to melt.

He came ashore at Hilo, last but not least, leading a booming, rollicking chorus and nine "raha" for Hilo and then for Honolulu. He was the special guest of "Sunny Jim" McManless during the jaunt around the Big Island and rode in the leader's car.

"The Great Northern crowd from Mr. Waldron down have treated us most royally," he says. "In fact they have gone out of their way to anticipate our wants and to make everything enjoyable, comfortable and agreeable. There is no use saying anything about their service, accommodations and equipments for everyone knows they are the best but we never realized it so much until we took this ride."

WELCOME TEMPLARS AT HEINIE'S

Knights Templars will receive a royal welcome at Heinie's Tavern, "on the beach at Waikiki," this evening where an exceptionally attractive program has been arranged for the occasion.

Carnival time at Heinie's is the gayest in Hawaii, and one that will long be remembered. Special cabaret attractions have been added. "Dude" Miller's famous Hawaiian Octette, late of Gaby Desly's show, "Stop! Look! Listen!" will sing the latest popular songs and will sing your favorite song upon request.

Heinie's hula dancers will give an exhibition of this famous Hawaiian costume dance. Miss Emma Bush, a new attraction, will also make her debut tonight.

During the entire week, Heinie's will feature a special lunch at 50 cents, and their excellent Table D'Hote dinners at \$1.00. Reservations for dinner should be made early as possible. Telephone 4986—Adv.

PROF. L. H. BAILEY AND FAMILY HERE FOR DAY EN ROUTE TO FAR EAST

Among the arrivals in the steamer Ecuador today was Prof. Liberty Hyde Bailey, for 10 years dean of the college of agriculture of Cornell university, accompanied by Mrs. Bailey and their daughter, Ethel. The Baileys are on their way to the Orient to spend the spring and summer. Upon their return they expect to spend several months in the islands, the professor to study local agricultural conditions.

If arrangements are satisfactory, the members of the local Cornell alumni and their families are to entertain Professor Bailey and his family at a dinner at Heinie's Tavern at 6:30 o'clock this evening. Professor Bailey is one of the foremost authorities on agriculture and botany in the world and is the author of numerous works on these subjects.

Secretary of the Navy Daniels in testifying before the house naval committee declared that in his opinion the navy should be equipped to do a large amount of its own manufacturing work.

A MOTHER'S TROUBLES

A mother's unending work and devotion drains and strains her physical strength and leaves its mark in dimmed eyes and careworn expressions—she ages before her time.

Any mother who is weary and languid should start taking Scott's Emulsion of Norwegian Cod Liver Oil as a strengthening food and bracing tonic to add richness to her blood and build up her nerves before it is too late. Start Scott's Emulsion today—its fame is world-wide. It is free from alcohol.
